

INDICAZIONI:

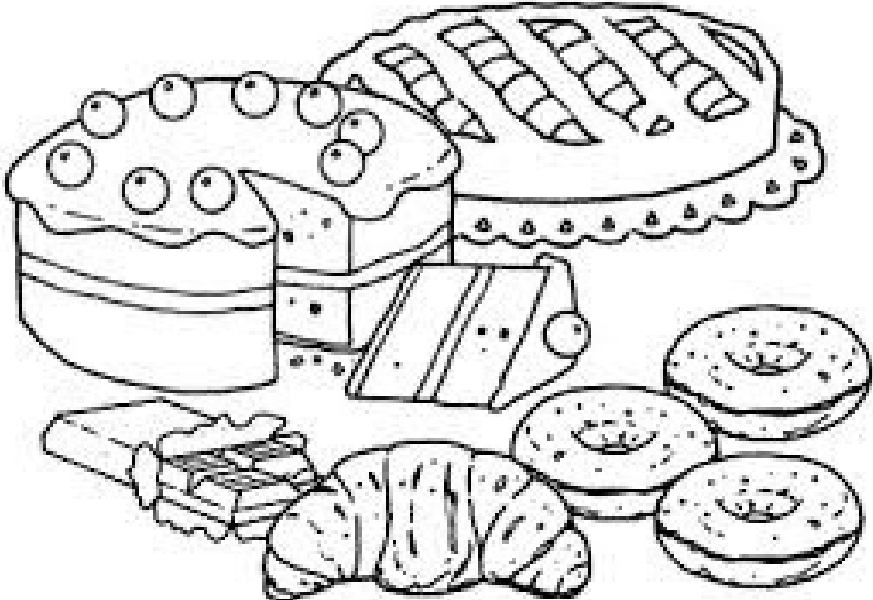

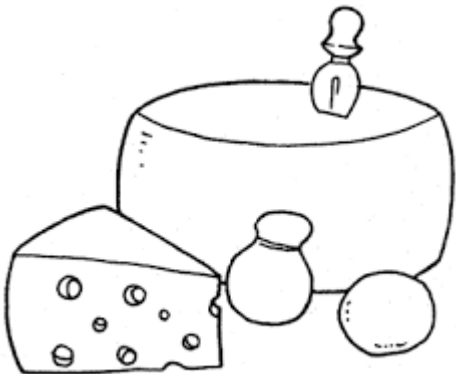

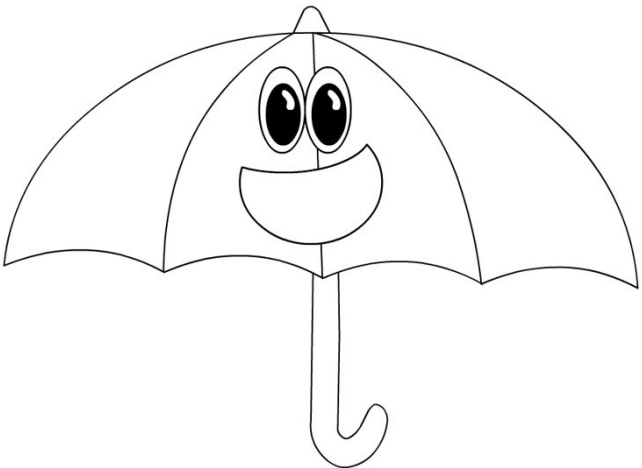

Il materiale è ideato per poter essere utilizzato senza necessità di abilità di letto-scrittura, quindi ciascuna scheda è predisposta senza una consegna scritta (o con una consegna minima).

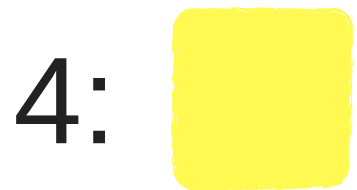

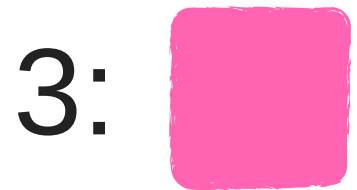

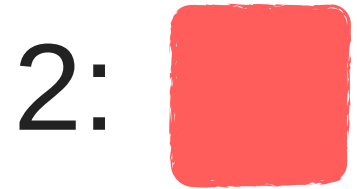

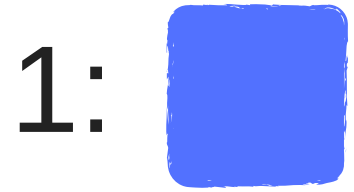

Questa scelta è stata compiuta per favorire l'indipendenza del bambino, aiutarlo a "fare da solo" ed avere quindi delle attività da proporre senza la mediazione dell'adulto anche per gli alunni che non seguono la programmazione di classe.
